

## **Books and more in over 50 languages**

### **Welcome to St. Johann JUKIBU Library!**

#### ***Who is the library for?***

For everybody: children, teenagers, adults.

If you would like to borrow books and other media, get a library card. It can be used in all the GGG libraries in Basel city as well as our digital library.

But you don't need a library card to visit the library.

The library holds lots of events in many different languages.

We have WLAN, PCs, printers, workplaces and a group room, newspapers and magazines.

You are allowed to eat and drink in the library.

#### ***How can I get a borrowing card?***

Bring an identity card with photo to the library. Our staff will be pleased to explain the various options, rules and fees. For children, the cards are free. For further information:

[www.stadtbibliothekbasel.ch](http://www.stadtbibliothekbasel.ch)

#### ***How many books and other items can I borrow?***

Up to 15 at a time.

#### ***How long can I keep the books and other items for?***

Normally, for up to one month. The return-date is printed on your borrowing receipt. You can also see this date when you log into your account. If you need more time, you can usually extend the borrowing time to up to three months.

You can return the books and other items to any GGG library.

If you bring them back late, you will be charged a fine.

#### ***I have lost my card. What should I do?***

Tell us immediately. We'll block it free of charge. There is a charge for a replacement. If you have just forgotten your card, you can borrow items if you show an Identity card with photo. You can also save your library card on the GGG Stadtbibliothek Basel-App.

#### ***Important rules***

The library should be a pleasant place for everybody. Take care not to drop litter, don't be noisy, and have consideration for other visitors.

Please handle the books and other items with care. If you damage or lose something, you will be charged a fine. Don't replace the lost or damaged item yourself.

#### ***Putting things back***

If you want to put a book back but are not sure where it should go, take it to the main desk or leave it on a table or seat. With board games, take care to put all the pieces back in the right box.

#### ***Any more questions?***

We are a multi-lingual team and we are happy to help you.
